3 DAYS GREAT SAFARI – DAY 1 – (option 1)
ARUSHA TO SERENGETI NATIONAL PARK

We will drive from Arusha to Serengeti via the great Ngorongoro Conservation Area. We will stop to view the Crater and Masai Villages (optional) on our way to Serengeti.

SERENGETI NATIONAL PARK is one of many world-famous attractions in Central Serengeti. Seronera Valley supports a much greater diversity of resident wildlife than anywhere else in the Serengeti including elephants, giraffes, impalas, waterbucks, hippos, reedbucks, buffaloes, and baboons. This resident prey, in turn, attracts the highest concentrations of large predators in Africa (lions, hyenas, leopards, and cheetahs) and a multitude of smaller predators (mongooses, jackals, servals, and bat-eared foxes).

3 DAYS GREAT SAFARI – DAY 2 – (option 1)
SERENGETI TO NGORONGORO AREA

After breakfast, we will proceed with packed lunch for an early morning game drive. Then, we will depart to the Ngorongoro Conservation Area while enjoying a game drive en-route viewing .

NGORONGORO CONSERVATION AREA, a UNESCO World Heritage Site since 1979, is a unique magical place in the world to visit. Its main feature is the astounding crater which is famous for being the largest inactive and intact volcanic caldera in the whole world. A result of a major explosion and collapse about 2 to 3 million years ago, the Crater was officially hailed as one of the Seven Natural Wonders of Africa in 2015. Some also refer to it as “the cradle of humanity.”

3 DAYS GREAT SAFARI – DAY 3 – (option 1)
NGORONGORO CRATER TOUR

After breakfast, we will drive into the crater for a tour. We will break the game drive for lunch inside the crater. After the tour we will drive back to Arusha for relaxation and an overnight stay or drive directly to the Airport to catch your flight.

NGORONGORO CRATER is one of the 8th Wonders of the World, the crater is a very important refuge for a variety of wildlife. Most commonly seen are big bulls of elephants and the vulnerable species of black rhinos. The crater is also home to big herds of wildebeest and zebras, Thomson and grant gazelles, hippopotamus, African cape buffalos, pride of lions, hyenas, serval cats, golden and black-backed jackals, and close to 400 species of birds.

3 DAYS GREAT SAFARI – DAY 1 – (option 2)
ARUSHA TO TARANGIRE NATIONAL PARK

After breakfast, we will drive approximately 2 hours to Tarangire for a full day game drive inside the park.

TARANGIRE NATIONAL PARK is in northern Tanzania, just south of Lake Manyara. This is a protected area of colossal baobabs, grassy plains, and huge herds of elephants. The park is one of the most underrated of Tanzania's attractions, receiving just a fraction of the Serengeti's visitors, which means more space and exclusivity for those who do make it to Tarangire. As well as 300-strong herds of elephants, visitors will find big groups of buffalo and healthy populations of lion and leopard. During the dry season, Tarangire has the highest concentration of mammals in the country. There are wild dogs and rare antelope such as gerenuk, plus more than 550 species of birds to spot throughout the year.

3 DAYS GREAT SAFARI – DAY 2 – (option 2)
TARANGIRE TO LAKE MANYARA NATIONAL PARK

Drive from Karatu to Lake Manyara for a full-day game drive.

LAKE MANYARA NATIONAL PARK provides a unique wilderness experience. Including diverse landscapes such as the Rift Valley soda lake, open grasslands, dense woodlands, and stunning mountainsides. In the north of Tanzania, Lake Manyara National Park centers around its eponymous alkaline lake, a key habitat for hundreds of bird species. Usually between November and April, thousands of birds gather on its shores, along with pink-backed pelicans, yellow-billed storks, grey herons, and pods of hippos.
